Travis appoints New Dealer

Travis is proud to announce that it has appointed **Trailco of I-49, LLC**, as its newest Independent Dealer. Trailco is located in Mansfield Louisiana, and will represent Travis in an area surrounding Mansfield in Northern Louisiana.

Trailco is a full service trailer dealer, and was founded in 2012, when owner Gary W. Philibert saw an unfilled need and opened for business selling and servicing customers in Northern Louisiana and

northeast Texas as his service area.

Philibert had been a business owner for more than 20 years prior to starting Trailco, and knowing how important his sales and service team was to his success, he immediately hired 30-year trailer sales veteran Tom Burgess to lead his sales effort, and hired Terry Blake, a 40-year veteran of the industry to head up the Service Department.

They always have an extensive inventory of new and used trailers available, ready to go. Trailco's parts department is stocked with parts from an extensive line of distributors. Trailco works very closely with the construction and forestry industries, and has established relationships with their customers, who they consider their number one priority.

They are located at 116 Chad Drive, In Mansfield, which is at exit 172 and I-49. Reach them by phone at (318) 872.3040, or toll free (888) 883-2078 or on the web at www.trailco.net , email, gary@trailco.net

Travis was formed in 1989 after acquiring the assets of CMC Trailers, Inc. Combining the companies, our history stretches over 40 years. In 2011, we also acquired the assets of Everlite, the maker of the Alumatech trailer. Travis has manufactured over 13,000 trailers since its beginning in 1989, and has grown to be a "Top 30" US trailer manufacturer, according to Trailer Body Builders. Today Travis is represented by over 30 independent dealers, with over 50 locations in 23 states. Today, Travis is a leading national manufacturer of aluminum end dumps, aluminum transfer trailers, aluminum bottom dumps, and other specialty trailers.
